# STRADA COLLECTION

Strada bathtub and shower tray with Strada brassware and Idealrain Cube shower set and Tonic shower enclosure. Strada vessel mixer with Strada vessel.

Elegant, refined and practical: STRADA turns the dream of a modern bathroom into a living reality. Purist design combines with high-quality materials and easy-to-use functionality to create a true experience for all senses.

# STRADA COLLECTION

# Complete Bathroom Solution

No need to look far and wide to assemble your ideal bathroom. STRADA makes planning simple – every element of the extensive collection of basins, vessels, furniture, shower trays, bathtubs and fittings fits perfectly with the others. Furthermore, STRADA is designed to harmonize perfectly with other Ideal Standard ranges, giving you real freedom of choice.

Above left: 980 mm wall mounted basin unit with Strada basin. 466 mm storage rectangular unit in combination with 233 mm open units, 1050 mm mirror with light, Softmood double towel holders. Strada bathtub, Tonic shower enclosure with Strada shower tray, Strada fitting and Idealrain Cube set.

Above right: 700 mm wall mounted Strada washbasin with Strada basin mixer. 700 mm wall mounted storage unit with soft closing drawers, 350 mm wall hung cabinet, 700 mm mirror with light. MIA toilet and bidet with Strada fitting.

# STRADA COLLECTION

On the left: 700 mm wall mounted washbasin with Strada basin mixer. 1400 mm wall mounted storage unit with soft closing drawers, 700 mm mirror with light and 700 mm wall mounted storage unit with two soft closing doors and Softmood accessories. Tonic 1200 mm pivot shower enclosure with Strada shower tray and Strada exposed thermostat with Idealrain Cube kit.

On the right: 780 mm wall mounted basin unit with basin and Strada fitting, Strada wall mounted high cabinet and mirrored column with a 800 mm mirror cabinet. Strada bathtub and shower tray with Tonic shower enclosure, Strada fitting with Idealrain Cube shower kit.

Geometric shapes are STRADA's fundamental design principle. Based on the purity of basic forms, it accentuates the rectangle and the circle. Elemental shapes – such as the slim, square lines of the rectangular basin – are enhanced by contrasts like the furniture's straight-edged surfaces and handles.

## BROWSE EACH STRADA PRODUCT TO FIND YOUR IDEAL PIECES

STRADA products are easy to mix and match: a broad selection of compatible elements ensures that you can find your perfect combination. To give you even more options, STRADA also goes together perfectly with our other design collections.

## THE NEW ADJUSTABLE AERATOR

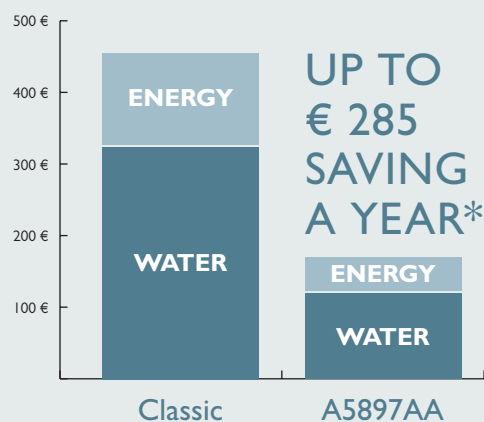

Save water and benefit from a plus in flexibility. STRADA fittings are equipped with the innovative adjustable aerator, allowing you to adjust the angle of the stream of water according to your preferences. A firm touch is enough to move the tilting plate into the right position. The result: less wasted water and more comfort of use.

## HELPS SAVE WATER

STRADA fittings are engineered to use less water and energy. The 5 l/min adjustable flow aerator cuts water use decisively while providing the same high level of comfort that you are used to. This benefits both the environment and you, because by saving energy and water, you also save money – up to € 285 a year.

\* Family based on household of four people using a single basin fitting. Average water price: 5.5 € / m<sup>3</sup>. Average energy price 0.75 € / l.
